About the 1st Photo Nature International Contest

Photo Nature International was established as a result of Photo Nature Brazil. For this project to be implemented by Associação Jauense de Ambiente e Cultura (AJAC), headquartered in the city of Jaú, State of São Paulo, Brazil. It was decided to maintain a category of nature and expand with a “Free” category (which in the international scope is called "Open") - both categories or sections received color photos or black and white. The organization of this competition sought to expand the sponsorship of Federation Internationale de L'Art Photographique (FIAP) and the recognition of the Photography Society of America (PSA) and the International Association of Arts Photographers (IAAP). This latter association, also, responsible for the web platform to receive and process the photos. We also count on the recognition and support of the Confederação Brasileira de Fotografia (CONFOTO).

The contest was open from the end of July 2017 and closed on November 24, 2017. The candidates were able to participate with up to 8 photos and were evaluated by a body of judges with international experience. 75 prizes and extra prizes were offered to Brazilians with the highest ranking. The peculiarity of this contest is that a participant can have at most one prize per section. This ensures the spraying and distribution of prizes among the participants.

We will have two events with designed projected images and due to the success of this first contest, we will have an exhibition with printed photos to guarantee the unrestricted access of the citizens jauenses in place of great public like Jaú Shopping.

Paulo Guerra, co-organizer

Dedication

We at Associação Jauense de Ambiente e Cultura (AJAC) dedicate this contest, exhibition and catalog to two great masters of Brazilian photography who have left us recently. Owners of an extensive and profitable photographic production, leaving an undeniable legacy for current photographers and future generations.

HAROLDO PALO JR. was our partner and juror at Photo Nature Brasil 2017 and now partner again at Photo Nature International. Harold as a guest suddenly accepted to participate in the thorny and necessary mission of judging the photos in the national edition of Photo Nature.

I participated with great joy of the guide "Butterflies of Brazil". A great work in three volumes on the butterflies that occur in Brazil.

Haroldo Paulo Jr. was a naturalist photographer for 42 years. He participated in 15 expeditions to the Antarctic and Arctic between 1984 and 2013. He participated in the edition of more than 70 books on nature. For the last 25 years, he has been dedicated to the production of nature documentaries for BBC, National Geographic, Discovery Channel, Channel 4, Ushuaia TV, Rede Globo. It has more than 400 thousand photographs. He has often participated in the Sunday program of presenter Fausto Silva on a national network. He was a tireless promoter and advocate of nature.

VICENTE JOÃO PEDRO born in 1930 in the city of Jaú, State of São Paulo, Brazil. Self-taught, he started shooting at age 16. In 1952, with a group of friends photographers, founded the Foto Clube do Jaú (FCJ). In 1956 he became director and member of the judging committee of the Foto Clube do Jaú. Participated in all Biennials of Photography held in Brazil. Member of the former Cofederação Brasileira de Fotografia e Cinema (CBFC) since 1966, judged 14 Biennials sponsored by the CBFC and judged 53º Salão Jauense de Arte Fotográfica. It was widely awarded in Brazil and abroad.

Vicente João Pedro has the photographic distinctions with the title AFB of the Confederação Brasileira de Fotografia (CONFOTO) and AFIAP of the Federation Internationale de L'Art Photographique (FIAP). His photographs were published in newspapers and magazines in Brazil and abroad. It was the subject of study in college. It has a collection with more than 500 historical photographs of Jaú, registered from 1880 to the present day.
